## Car Insurance - Target Market Determination

This target market determination (TMD) relates to the rideshare/Taxi car and courier van insurance (Insurance) provided by Certain Underwriters at Lloyds of London (Insurer), as described in the AssureUs Rideshare Insurance Product Disclosure Statement (PDS) and Your Certificate.

The Insurance is a group policy held by PB&RD Pty Ltd ACN 674 852 932 (Australian financial services license number 563444) (AssureUs) and made available to rideshare and courier van drivers in AUSTRALIA who have joined as financial members of AssureUs. Reference to “we”, “us”, “our” in this TMD is a reference to the Insurer.

This TMD has been designed to help our customers and representatives understand who the Insurance is most suitable for (target market). It is not intended to provide financial advice and does not form part of the terms of the Insurance contained in the PDS. In addition to the key eligibility requirements outlined in this TMD, the Insurance is subject to acceptance criteria as determined by the Insurer from time to time.

This TMD also describes:

- Who the Insurance is not suitable for;
- How the Insurance can be distributed;
- How often this TMD is reviewed and when the next review will be;
- The events and circumstances that could mean we need to review whether this TMD is still appropriate;
- The information we would need in order to decide that this TMD is no longer appropriate.

If you are considering whether to purchase the Insurance, please refer to the PDS to decide whether the Insurance is right for you. Please use the PDS and the policy wording to understand the meaning of any other capitalised terms used in this TMD which are not defined in this document.

While these are described in the PDS, no TMD is required to be prepared in respect of these benefits as they are not strictly insurance benefits.

### 1. EFFECTIVE DATE AND OPERATION OF TMD

The effective date of this TMD is 05/01/2026. The TMD will continue to apply until it is replaced or withdrawn. We may review this TMD at any time.

## 2. PRODUCT DESCRIPTION
